

Whistleblower

A belated Happy New Year to all, now I'm able to transmit

First, the new Committee. Chairman is now Keith Wright for a three year stint, myself as Secretary for the umpteenth time but for two years (nobody else volunteered) and David Taylor for his third and final year.

The three year stini was put in place to avoid staleness and a cabelforming, it also means one can see the end of sentence!

The rest of the Committee is Noel Leaver for N-Gauge and Exhibition Manager, Alan Riches for OO, Richard Harris for P4 and Ian George for O-Gauge. Mike Lemarrie volunteered to assist Noel with the Traders.

CLUBROOMS

On Wednesday I read out the letter sent to all Community Centre Tenants advising us that the new roof to the premises is to be fitted. We will be unable to use the building as from Monday 17th February until Easter, some nine weeks. The Committee are actively looking for suitable rooms for us to continue as a Club, with luck we may be able to make a decision this Wednesday.

The Wrecclesham building will be a secure site with no access out of working hours, plus highly likely, no access for us on Health and Safety grounds. We may have to remove from the building everything we need for the next nine weeks and find friendly storage space in Members garages. I suspect senior household managements will veto the use of the dinung rooms! As soon as the Committee know more we will tell you.

This week it is N-Gauge running night and for maintainance, once I understand wgat I am doing with this ***** PC I'll get a proper programme out. In the short term I'm afraid you'll have to listen to me being verbal!

Good Luck

Robin
